Hardwood Collection

Embellishing Nature's Beauty.

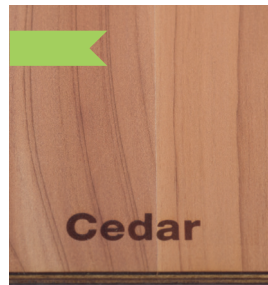

Simply Rowmarkable since 1987

Rowmark's Hardwood Collection

New, trending varieties are now available in Cedar, Sassafras, Bamboo, and Red Alder! These new options present fresh design opportunities for laser, rotary, and UV-LED projects.

The all-natural line of wood sheets come unfinished on both sides, making design possibilities endless. Cedar and Sassafras offer a unique fragrance to the standard wood choices in the collection. The four new varieties complement Rowmark's existing line which includes Cherry, Maple, Red Oak, Walnut, and Mahogany.
